

TO FIT THE LAMP COMPONENT FOLLOW THESE STEPS

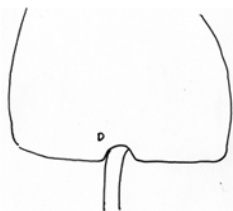

STEP 1: Remove all packaging re-fit the bulb. Insert the lamp component by holding the metal tabs A and gently squeeze together. Place in to the hole at the base of the nightlight. DO NOT LET GO...

STEP 2: Keep hold of the tabs B They remain on the OUTSIDE of the hole C.

STEP 3: To secure the lamp component in place gently push the tabs B out . They do not fold back completely but adjust to hold in place.

STEP 4: Ensure the cable is positioned through the groove D at the back of the nightlight and place on a level surface with the cable out of childrens reach.

SWITCH OFF THE LIGHT AND REPEAT STEPS TO REPLACE THE BULB.
